

# ACTING (BFA)

The Theatre School's Bachelor of Fine Arts (BFA) degree in Acting prepares actors to work on both stage and screen. It develops actors who are imaginative, skillful, expressive and vibrantly alive. It is rooted in the Chicago tradition, emphasizing physicality, truth in action, communication, collaboration and spontaneity. The first year introduces the actor to a broad range of techniques and experiences, defines a way of working and provides a set of skills. The next three years focus on developing and refining this way of working - adding skills and technique - while helping each actor discover and apply those which work best for them.

Work on The Theatre School's production season extends outside of the university's academic calendar. Some production assignments may require participation up to two weeks before the beginning of fall quarter, during a portion of the winter break, or during spring break. Specific details pertaining to different programs, specific assignments, and options for students not able to participate outside of the university's academic calendar are available in the Theatre School Student Handbook and the Theatre School website.

Not Required

- <sup>1</sup> Students must earn a C- or better in this course.
- <sup>2</sup> Readiness for MAT 120 is determined by the math placement test taken online after admission. Students may need to take developmental coursework prior to MAT 120. The MAT 120 requirement may be waived by passing a dedicated proficiency exam, or by credit earned for advanced math coursework at DePaul (MAT 135, MAT 136, MAT 147, MAT 148, MAT 149, MAT 150, MAT 151, MAT 152, M or equivalent) or any transfer, CLEP, IB, or AP Calculus credit. Calculus course(s) may be used to fulfil any of the three QR/MCD requirements.

## Notes

Specified required courses within Liberal Studies may have grade minimums (e.g. C- or better). Please consult your advisor or your college and major requirements.

Courses offered in the student's primary major cannot be taken to fulfill LSP Domain requirements. If students double major, LSP Domain courses may double count for both LSP credit and the second major.

In meeting learning domain requirements, no more than one course that is outside the student's major and is cross-listed with a course within the student's major, can be applied to count for LSP domain credit. This policy does not apply to those who are pursuing a double major or earning BFA or BM degrees.
