

ACTING (BFA)

The Theatre School's Bachelor of Fine Arts (BFA) degree in Acting prepares actors to work on both stage and screen. It develops actors who are imaginative, skillful, expressive and vibrantly alive. It is rooted in the Chicago tradition, emphasizing physicality, truth in action, communication, collaboration and spontaneity. The first year introduces the actor to a broad range of techniques and experiences, defines a way of working and provides a set of skills. The next three years focus on developing and refining this way of working - adding skills and technique - while helping each actor discover and apply those which work best for them.

Program Requirements	Quarter Hours
Liberal Studies Requirements	52
Major Requirements	162
Total hours required	214

- Read and interpret theatrical text and apply research, imagination, and personalization to create a unique, insightful, and compelling performance.
- Act truthfully from moment-to-moment in a variety of theatrical works, periods, and styles.
- Demonstrate personal practice of improving vocal and physical expressiveness as an actor.

¹ Students must earn a C- or better in this course.

² Readiness for MAT 120 is determined by the math placement test taken online after admission. Students may need to take developmental coursework prior to MAT 120. Students who

complete MAT 120 and both a Computational Reasoning course and a Statistical Reasoning course in the Math and Computing Learning Domain take one less Learning Domain course. Students may not apply the course reduction to any Domain where only one course is required, and cannot be applied to the Scientific Inquiry Learning Domain. The MAT 120 requirement may be waived by passing a dedicated proficiency exam or it may be fulfilled by credit for advanced math coursework earned in-residence at DePaul (MAT 135, MAT 136, MAT 147, MAT 148, MAT 149, MAT 150, MAT 151, MAT 152 M or equivalent) or earned externally either as transfer credit from another college/university or as test credit through AP, CLEP, IB, or International A and A/S Level exams. Calculus course(s) may be used to fulfill any of the three QR/MCD requirements.

Notes

Specified required courses within Liberal Studies may have grade minimums (e.g. C- or better). Please consult your advisor or your college and major requirements.

Courses offered in the student's primary major cannot be taken to fulfill LSP Domain requirements. If students double major, LSP Domain courses may double count for both LSP credit and the second major.

In meeting learning domain requirements, no more than one course that is outside the student's major and is cross-listed with a course within the student's major, can be applied to count for LSP domain credit. This policy does not apply to those who are pursuing a double major or earning BFA or BM degrees.

Open Electives

Open elective credit may also be required to meet the minimum graduation requirement of 192 hours.

Work on The Theatre School's production season extends outside of the university's academic calendar. Some production assignments may require participation up to two weeks before the beginning of fall quarter, during a portion of the winter break, or during spring break. Specific details pertaining to different programs, specific assignments, and options for students not able to participate outside of the university's academic calendar are available in the Theatre School Student Handbook and the Theatre School website.
