

SCHOOL COUNSELING SPECIALTY AREA, COUNSELING (MA OR MEd)

This master's degree allows the student to become licensed as a professional school counselor through the Illinois State Board of Education. The specialty area sequence prepares students to work with students, staff and families in public and private K-12 school systems. Courses and professional practice experiences in the field provide students the skills and knowledge to deliver a comprehensive, data-driven school counseling program based on national standards and best practice, and to serve as leaders and advocates for students, schools, and the profession.

Program Requirements

Students are required to pay a one-time fee for a student account in Tevera which is approximately \$220. Tevera is an online program management platform used to electronically complete evaluations and log hours for Practicum and Internship classes. Students will sign up for a Tevera student account prior to completing the internship application process. The one-time fee will post to your student account within a month of registering for a Tevera account.

Course Requirements

Social and Cultural Studies Courses: 8 quarter hours required, grade of B- or better required

Course	Title	Quarter Hours
SCG 401	ADVANCED LIFESPAN DEVELOPMENT	4
