

# ELECTRONICS (MINOR)

---

The minor in Electronics provides a grounding in physics and a fundamental technical understanding of linear circuits and digital electronics to enable you to troubleshoot and create basic electronic circuits.

## Course Requirements

Course	Title	Quarter Hours
PHY 110	BASIC ELECTRONICS: PRINCIPLES & TECHNIQUES	4
PHY 231	LINEAR ELECTRIC CIRCUITS	4
PHY 232	INTRODUCTION TO DIGITAL ELECTRONICS	4
Select three additional Physics courses		12

Physics majors cannot earn a minor in Electronics.
