

COMMERCIAL FRENCH CONCENTRATION, FRENCH (BA)

As an alternative to the traditional major, the French program also offers a concentration in Commercial French. Students choosing this Commercial concentration are interested in complementing their advanced intercultural language study with a foundation in international business skills. The bridge courses in the concentration (FCH 320 and MGT 300) integrate students' knowledge across disciplines, and the two additional electives allow them to further explore their area of interest in business.

Students are encouraged to meet regularly with the French Program Director and the MOL staff advisor to discuss electives for this concentration.
