

# NURSING ADMINISTRATION TRACK, NURSING (MSN)

The Nursing Administration track is designed to prepare a manager and leader in nursing and healthcare with advanced knowledge and applicable skills in communication and relationship building, healthcare environment, leadership, professionalism, and business management. The graduate will be able to pursue national certification as a nurse executive and a career in nursing administration. Contained within the coursework for the MS degree are four interprofessional health administration courses taught by Rosalind Franklin University of Medicine and Science which confers a graduate certificate in health administration. The degree program culminates in a capstone experience in nursing administration including a 105-hour practicum.

## Courses Counting Toward BSN and MSN

Course	Title	Quarter Hours
NSG 400	THEORETICAL COMPONENTS OF NURSING	4
