

PSYCHOLOGY (BS)

The goal of the Department of Psychology is to provide students with an understanding of the methods and content of scientific and applied psychology.

The primary means of attaining our mission is classroom instruction. We offer courses across a wide range of disciplines within psychology; some of our courses also include laboratories that focus on experimental and statistical work. Some of these courses are beginning to be offered as fully online and as hybrid courses (partially online and partially in the classroom). Further learning opportunities are made available through field work, the Honors Program, Experiential Learning, Independent Study, and Internships. Our Internship Program consists of supervised work placements for which students earn academic credit; potential sites include human service organizations as well as community and industrial settings.

Bachelor of Science Psychology majors must select one of the three Bachelor of Science concentrations: General, Cognitive Neuroscience or Healthcare. Students are limited to only declaring one concentration.

After completing any of the concentrations, a psychology major should understand key concepts, principles, and overarching themes in psychology and be able to read and understand behavioral science data, design and conduct rudimentary psychological research studies, and apply research findings to everyday situations. These skills are applicable to a wide variety of occupations and professions. Psychology as a major provides excellent opportunities for students planning to go to graduate or professional school. Psychology as a minor provides a flexible complement to other majors.

Program Requirements	Quarter Hours
Liberal Studies Requirements	84
Major Requirements	20
Major Concentration Requirements	52-56
Open Electives	12-36
Total hours required	192

Learning Outcomes

Students will be able to:

- Describe key concepts, principles, themes, and applications across a variety of content domains in psychology.
- Use scientific reasoning and critical thinking to interpret psychological phenomena.
- Design, conduct, and interpret, basic psychological research, accounting for sociocultural factors.
- Design, conduct, and interpret basic psychological research, accounting for biological and/or quantitative factors.
- Apply ethical standards to evaluate psychological science and practice.
- Write a paper applying a cogent scientific argument that includes presenting information using a scientific approach, discussing psychological concepts, explaining the ideas of others, and expressing their own ideas with clarity.

College Core Requirements

Modern Language Requirements

Students who intend to graduate with the Bachelor of Arts (BA) degree will be required to demonstrate competence in a modern language equivalent to the proficiency attained from one year of college-level language study. Such competence may be demonstrated in one of several ways:

- completing the last course in the fourth-year high school sequence of any language
- completing the last course in the first-year college sequence of any language
- completing a college course beyond the first-year level in any language
- achieving a satisfactory score on any of the Modern Language placement examinations administered at DePaul
- achieving a satisfactory rating in a proficiency examination accepted by DePaul
- achieving a score of 3 or higher on the Advance Placement (AP) test for any language
- achieving a score of 5 or higher in the Language B assessment from a Standard or Higher Level International Baccalaureate (IB) program
- achieving a satisfactory score on the CLEP examination

Please note: Modern Languages courses with an E-designation are taught in English and may not be applied to the Modern Language Requirement.

For further information regarding satisfactory scores and possible credit from the DePaul placement, AP, CLEP, or IB examinations, please contact Student Records.

Students who complete an Inter-College Transfer (ICT) to the College of Science and Health will abide by the College of Science and Health Modern Language Requirement in place on the effective date of the ICT.

BA students who meet College requirements and wish to pursue further work in the language may elect the "Modern Language Option" of the Liberal Studies Program. While Bachelor of Science (BS) students are not required to demonstrate competency in a modern language, the "Modern Language Option" is available to them for language study at any level. Modern Languages courses with an E-designation are taught in English and may not be applied to the Modern Language Option.

Major Declaration Requirements

All students in the College are required to declare a major field prior to beginning their junior year. After researching College programs, the student should declare a major field by visiting Campus Connection and using the Declarations and Inter-College Transfer tool. The student will then be assigned a faculty advisor or staff advisor in the department or program and should make an appointment to see that advisor at his or her earliest convenience.

To change major fields, or to declare a minor or concentration, the student must use the Declarations and Inter-College Transfer tool described above. However, for the purpose of exploring the possibility of changing a major field, the student should consult an academic advisor in the College or an academic advisor in the Office for Academic Advising Support.

Liberal Studies Requirements

Honors program requirements can be found in the individual Colleges & Schools section of the University Catalog. Select the appropriate college or school, followed by Undergraduate Academics and scroll down.

First Year Program		Hours
Chicago Quarter		
LSP 110 or LSP 111	DISCOVER CHICAGO or EXPLORE CHICAGO	4
Focal Point		
LSP 112	FOCAL POINT SEMINAR	4
Writing		
WRD 103	COMPOSITION AND RHETORIC I ¹	4
WRD 104	COMPOSITION AND RHETORIC II ¹	4
Quantitative Reasoning		
MAT 120	QUANTITATIVE REASONING ²	4
Sophomore Year		
Race, Power, and Resistance		
LSP 200	SEMINAR ON RACE, POWER, AND RESISTANCE	4
Junior Year		
Experiential Learning		
Required		4
Senior Year		
Capstone		
Select one of the following:		
PSY 361	HISTORY AND SYSTEMS OF PSYCHOLOGY ^{1,3}	4
PSY 389	PSYCHOLOGY SENIOR SEMINAR ¹	4

¹ Students must earn a C- or better in this course.

² Readiness for MAT 120 is determined by the math placement test taken online after admission. Students may need to take developmental coursework prior to MAT 120. Students who complete MAT 120 and both a Computational Reasoning course and a Statistical Reasoning course in the Math and Computing Learning Domain take one less Learning Domain course. Students may not apply the course reduction to any Domain where only one course is required, and cannot be applied to the Scientific Inquiry Learning Domain. The MAT 120 requirement may be waived by passing a dedicated proficiency exam or it may be fulfilled by credit for advanced math coursework earned in-residence at DePaul (MAT 135, MAT 136, MAT 147, MAT 148, MAT 149, MAT 150, MAT 151, MAT 152, MAT 155, MAT 156, MAT 160, MAT 161, MAT 162, MAT 170, MAT 171, MAT 172, or equivalent) or earned externally either as transfer credit from another college/university or as test credit through AP, CLEP, IB, or International A and A/S Level exams. Calculus course(s) may be used to fulfill any of the three QR/MCD requirements.

³ Students with a primary major in Psychology are required to complete the Capstone offered by the Psychology department. Students double majoring or pursuing dual degrees with the primary major or primary degree in Psychology are required to complete the Capstone offered by the Psychology department. Psychology students in the University Honors Program shall take the University Honors Capstone. They are not expected to take both the Honors Capstone and the primary major or primary degree Capstone.

Learning Domains

Arts and Literature (AL) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/arts-and-literature/>)

- 3 Courses Required

Historical Inquiry (HI) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/historical-inquiry/>)

- 2 Courses Required

Math and Computing (MC) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/math-and-computing/>)

- 1 Course Required
[1 CR Course]

Philosophical Inquiry (PI) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/philosophical-inquiry/>)

- 2 Courses Required

Religious Dimensions (RD) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/religious-dimensions/>)

- 2 courses required

Scientific Inquiry (SI) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/scientific-inquiry/>)

- 2 Courses Required
[1 Lab Course and 1 SWK Course]

Social, Cultural, and Behavioral Inquiry (SCBI) (<https://catalog.depaul.edu/undergraduate-core/liberal-studies-program/liberal-studies-learning-domains/social-cultural-and-behavioral-inquiry/>)

- 1 Course Required

Notes

Courses offered in the student's primary major cannot be taken to fulfill LSP Domain requirements. If students double major, LSP Domain courses may double count for both LSP credit and the second major. Students who choose to take an experiential learning course offered by the major may count it either as a general elective or the Experiential Learning requirement.

In meeting learning domain requirements, no more than one course that is outside the student's major and is cross-listed with a course within the student's major, can be applied to count for LSP domain credit.

This policy does not apply to those who are pursuing a double major or earning BFA or BM degrees.

Psychology BS Healthcare Concentration

The BS Healthcare concentration requires a different set of Liberal Studies Program requirements. Please refer to the H (<https://catalog.depaul.edu/programs/psychology-bs/healthcare-concentration-requirements/>) for details.

Major Requirements

Course Requirements

Common Core

Course	Title	Quarter Hours
PSY 105	INTRODUCTORY PSYCHOLOGY I	4
PSY 106	INTRODUCTORY PSYCHOLOGY II	4
PSY 240	STATISTICS I	4
PSY 241	RESEARCH METHODS I	4
PSY 242	RESEARCH METHODS II	4
Select one of the following:		4
PSY 361	HISTORY AND SYSTEMS OF PSYCHOLOGY (Liberal Studies Program Capstone) ¹	
PSY 389	PSYCHOLOGY SENIOR SEMINAR	

¹ University Honors students are not required to complete the capstone in PSY, however it is recommended as an open elective for them.

Upon faculty approval psychology majors may register for one of the following psychology courses as psychology electives:

Course	Title	Quarter Hours
PSY 390	INDEPENDENT RESEARCH IN PSYCHOLOGY	
PSY 391	DEPARTMENT HONORS THESIS ¹	
PSY 396	HONORS IN PSYCHOLOGY ¹	
PSY 397	EXPERIENTIAL LEARNING/PSYCHOLOGY RESEARCH	
PSY 398	TUTORING AND MENTORING IN PSYCHOLOGY	
PSY 399	INDEPENDENT STUDY	

¹ Students accepted into the honors program must register for PSY 391 and PSY 396 for 3 quarters (autumn, winter, spring) and a maximum of 4 credits total for each course.

PSY 105 and PSY 106 are not sequential, i.e., one is not a prerequisite for the other. They may be taken in either order. For the research sequence, PSY 240 must be taken first; PSY 241 and PSY 242 may be taken in either order. A special note: PSY 340, an elective course, may be taken immediately after the completion of PSY 240.

Concentration Requirements

Students must complete the requirements for one of the following three concentrations: General, Cognitive Neuroscience or Healthcare. Students are limited to only declaring one concentration.

Concentrations, tracks and specializations provide focus to the major. In addition to any college core requirements, liberal studies requirements and major requirements, students are required to choose one of the following concentration listed below. Students are advised to talk with their advisor before double majoring, because some major combinations are prohibited. No more than 50% of the credits that apply to one major may be drawn from another major.

- Cognitive Neuroscience Concentration, Psychology (BS) (<https://catalog.depaul.edu/programs/psychology-bs/cognitive-neuroscience-concentration-psychology-bs/>)
- General Concentration, Psychology (BS) (<https://catalog.depaul.edu/programs/psychology-bs/general-concentration-psychology-bs/>)
- Healthcare Concentration, Psychology (BS) (<https://catalog.depaul.edu/programs/psychology-bs/healthcare-concentration-psychology-bs/>)
