

PUBLIC HEALTH (MPH), COMBINED BACHELOR'S + MASTER'S DEGREE

DePaul Undergraduate Degree + Public Health (MPH)

Students completing **any** undergraduate degree at DePaul are eligible to apply for the bachelor's + Master of Public Health in their **Junior** year if they meet the following criteria:

- They have achieved **Junior** status;
- They have completed **at least 88.0 credit hours** of their undergraduate degree;
- They have a **GPA of 3.5** or higher.

If accepted to the bachelor's + Master of Public Health, in their senior year, the student will take the following courses:

Senior Year		Hours
Fall Quarter		
MPH 501	INTRODUCTION TO PUBLIC HEALTH	4
Winter Quarter		
MPH 511	HEALTH AND BEHAVIOR THEORY	4
Spring Quarter		
Select one of the following:		4
MPH 522	PROGRAM DEVELOPMENT AND GRANT WRITING (Community Health Practice Concentration)	
MPH 530	SOCIAL EPIDEMIOLOGY (Social Epidemiology Concentration)	

These three courses will serve as electives in an undergraduate program, unless the student's undergraduate advisor makes an exception and allows them to apply to a declared major or minor.

The combined degree program allows three graduate-level courses (12 credit hours) to count towards both the undergraduate degree and the graduate degree. The student will be awarded their Bachelor's degree upon the completion of their undergraduate degree requirements. The Master of Public Health degree will be awarded upon completion of the graduate degree requirements.

For more information, please visit the Master of Public Health program website (<https://las.depaul.edu/academics/public-health/Pages/default.aspx>).
