

PUBLIC RELATIONS AND ADVERTISING (BA)

The College of Communication offers a variety of courses leading to a Bachelor of Arts degree in Public Relations and Advertising. The program examines theories and practices in the related fields of public relations and advertising, and considers advertising and public relations processes, products and effects from cultural, ethical, organizational, historical, creative and methodological perspectives. Students in Public Relations and Advertising studies learn to think critically and analytically, to develop ideas clearly, and to speak and write effectively. Within the broad context of human communication and the liberal arts, students explore the relationship of public relations and advertising activities to other aspects of human endeavor. Graduates are prepared for entry-level positions within the public and private sectors, or for continuing their education in academic or professional graduate programs.

Program Requirements	Quarter Hours
College Core Requirements	16
Liberal Studies Requirements	84
Major Requirements	48
Open Electives	44
Total hours required	192

Learning Outcomes

Students will be able to:

- Identify, explain and apply conceptual and historical foundations of public communication disciplines as they relate to information and persuasion theories, concepts and models.
- Demonstrate facility with writing, speaking and production of media materials to inform, persuade, build relationships, and problem solve.
- Develop and demonstrate strategic plans and planning methods, as well as critical thinking skills.
- Construct and analyze audience research by applying measurement, environmental scanning, and evaluation techniques to products, projects, and programs.
- Classify and analyze the elements of ethical decision making to hypothetical and real world settings.

College Core Requirements (p.) Modern Language Requirement (p. 1) Modern Language Option (p. 1)

All majors in the College of Communication consist of a four-course common core plus an additional combination of program requirements and electives.

College Core Requirements

Four core courses are required of all College of Communication students:

Course	Title	Quarter Hours
CMN 101	INTRODUCTION TO HUMAN COMMUNICATION	4
CMN 102	INTRODUCTION TO MASS COMMUNICATION	4

CMN 103	INTERCULTURAL COMMUNICATION	4
CMN 104	PUBLIC SPEAKING	4

Students are encouraged to complete all four prior to taking additional coursework in the major.

Modern Language Requirement

Students who intend to graduate with a Bachelor of Arts degree in the College of Communication will be required to demonstrate a measure of competence in a modern language, as defined by the college. Such competence may be demonstrated in one of several ways:

- completing the last course in a second year high school course work in a modern language or Latin
- completing the last course in the first-year college sequence of any language
- completing a college course beyond the first-year level in any language
- achieving a satisfactory score on any of the Modern Language placement examinations administered at DePaul
- achieving a satisfactory rating in a proficiency examination accepted by DePaul
- achieving a score of 3 or higher on the Advance Placement (AP) test for any language (must be completed during high school)
- achieving a score of 5 or higher in the Language B assessment from a Standard or Higher Level International Baccalaureate (IB) program
- achieving a satisfactory score on the CLEP examination.

Modern Languages courses with an E-designation are taught in English and may not be applied to the Modern Language Requirement. Students with some modern language training should consult with the Modern Language Department about the course with which they should begin. Students with little or no previous work in the language will be required to complete the entire three-course introductory sequence.

Modern Language Option

The Modern Language Option is available to all BA students who wish to study a modern language beyond the level necessary to meet the College's modern language requirement. Students selecting the option may substitute a three-course language sequence for three learning domain courses, or two upper-level courses in the same language for two learning domain requirements. Modern language option waivers cannot be applied to courses in the Math and Computing Domain or courses in the Scientific Inquiry domain. Modern Languages courses with an E-designation are taught in English and may not be applied to the Modern Language Option.

Any substitutions must be consistent with the principle that students complete at least one course in each learning domain.

Liberal Studies Requirements

Note

Courses offered in the student's primary major cannot be taken to fulfill LSP Domain requirements. If students double major, LSP Domain courses may double count for both LSP credit and the second major. Students who choose to take an experiential learning course offered by the major may count it either as a general elective or the Experiential Learning requirement.

In meeting learning domain requirements, no more than one course that is outside the student's major and is cross-listed with a course within the student's major, can be applied to count for LSP domain credit. This policy does not apply to those who are pursuing a double major or earning BFA or BM degrees.
