

HEALTH SERVICES

DePaul Student Health Services are offered through Ascension Medical Group. The DePaul Student Health Center is available for use only by student living in DePaul University Housing. A mandatory fee to access the center is included in a students housing bill. This fee is NOT for health insurance, it is a fee that allows residential students to access an on-campus Student Health Center for the treatment of minor health concerns and consultation. No payment is required upon a student's visit.

Students that reside in University Center, located near the Loop Campus, have the option to purchase access to the Student Health Center if they wish to utilize the service.
