# GRADUATION REQUIREMENTS

Each student is solely responsible for ensuring that they fulfill all requirements for the degree being sought. Graduating students should undertake an independent review of their records before they register for their final semester by reviewing their degree progress report or an unofficial transcript through Campus Connect. **If a prospective graduate has not fulfilled all degree requirements, they will not receive a degree and will not be certified for admission to the bar.**

Note: Participation in the graduation ceremony does not establish entitlement to a degree. The actual degree award does not take place until the University completes its degree audit. Degree requirements are reviewed at the end of the expected completion term indicated. If all requirements are met, the degree will be conferred within 30 days of the end of the term. Diplomas are mailed (to graduates without financial holds), generally within 45-60 days after the end of the term.
