

# THE WRITING CENTER

---

The Writing Center works with all members of the DePaul University community to support writers and to promote the use of writing in teaching and learning.

The Writing Center provides free-of-charge services to any DePaul University student or faculty/staff member.

Our Writing Center tutors are talented, extensively trained, & supportive graduate & undergraduate students from a variety of disciplines. A Writing Center tutor can help you get started writing, revise your writing, & refine your writing.
