Any undergraduate student is eligible for the dean's list. Eligibility for the Dean's List will be determined by a grade point average of 3.500 for the academic term based on a minimum of 12 graded hours (8 hours for SNL students) not including the grades of PA, WA and W. Students who have received any grades of IN, M or R for the term are not eligible for the Dean's list until these grades have been resolved, at which time the term grade point average will be computed.
