[School of Education - Undergraduate Studies](#) ▶ [General Information](#) ▶ [General Information](#)

General Information

DePaul University, founded on Judeo-Christian principles, continues to assert the relevance of these principles through higher education to our students. The University expresses these principles especially by passing on the heritage of St. Vincent DePaul: individual perfection manifested through purposeful involvement with other persons, communities and institutions. The School of Education manifests these principles in its purpose, and through its programs.

As an urban institution, the School of Education is committed to improving primary and secondary education in the metropolitan area and, in particular, in the city of Chicago. Framed within a commitment to promote and support diversity, the School of Education prepares all of its students to be "Urban Professional Multicultural Educators" who:

- Promote positive transformation
- Consider multiple perspectives
- Integrate inquiry, theory, and practice
- Exhibit Vincentian personalism
- Function as life long learners.

**Department of Teacher Education - Lincoln Park**

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Professional Development Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

The Department of Teacher Education at the Lincoln Park Campus offers the following undergraduate programs:

- Bachelor of Science in Early Childhood Education
- Bachelor of Science in Elementary Education
- Bachelor of Science in Physical Education
- Bachelor of Arts in Secondary Education: English, History, Mathematics, Social Science, and Visual Arts
- Bachelor of Arts in World Language Education: Chinese, French, German, Italian, Japanese, and Spanish
- Bachelor of Science in Secondary Education: Biology, Chemistry, Mathematics, and Physics

[School of Education - Undergraduate Studies](#) ▶ [General Information](#) ▶ [School of Education Departments](#) ▶
[Admission to the School of Education/Professional Education Unit](#)

Admission to the School of Education/Professional Education Unit

Students who have been admitted to the University may declare an education major and are admitted as pre-education students. Those who meet additional requirements are eligible to apply for full admission to one of the Teacher Education programs. A separate application process is required. Additional requirements include:

- Have a 2.5 grade point average in 28-32 credit hours of college work
- Pass the Illinois Basic Skills Test
- Pass the SOE basic computer competency assessment (EDU 025 registration required)

There is no time limit to meet the criteria for full admission to one of the teacher preparation programs; however, students may take only a limited number of pre-education classes until they have done so. Students may continue to take Liberal Studies courses. These criteria apply to all new School of Education undergraduate students whether they begin as first year, transfer, re-admitted or inter-college transfer students. Music Education majors should consult the School of Music for requirements.

Students who already hold a Bachelor's Degree from an accredited institution and wish to meet teacher certification requirements should contact the School of Education at (773) 325-4409 to inquire about options at the graduate level.

[Academic Advisors](#)

Academic Advisors

The School of Education provides academic advisors who are responsible for the initial advising of all new undergraduate students. New students should meet with an advisor to plan their academic program, since requirements for certification are complex. It is the responsibility of the academic advisor to assist students with the planning and selection of courses in order to ensure academic progress toward graduation and certification in a timely fashion. It is the responsibility of all students to familiarize themselves with all program requirements, keep track of their progress, and meet application deadlines. Advisors serve as a referral to other student affairs offices within the university. For student's rights and responsibilities concerning advising, visit the Undergraduate Student Handbook. To schedule an appointment with an advisor, call (773) 325-4409.

School of Education - Undergraduate Studies ▶ Program Requirements

School of Education General Program Requirements

LIBERAL STUDIES PROGRAM REQUIREMENTS

The student's course of study in the Liberal Studies Program is part of the undergraduate program devoted exclusively to liberal education. Students must take a set of Liberal Studies Core courses as well as courses in six Liberal Studies Domains. The program seeks to balance and, when necessary, augment the student's course of study in the major field. All students in the School of Education are required to complete 76-80 quarter hours of liberal studies course work. Except for LSE 380, education students may not take education courses to fulfill liberal studies requirements. For more information concerning the purpose and curriculum of the Liberal Studies Program consult the Liberal Studies section of the course catalog. Only designated courses may be taken for Liberal Studies credit. Log on to Campus Connection and use the Liberal Studies drop-down box when selecting courses for the Learning Domains. The student should be certain to consult an advisor if there are any questions about how to select courses in the Learning Domains. Academic advisement is an integral part of the Liberal Studies Program and necessary to the integration of the program with the requirements of the student's major field. The number and distribution of the required Liberal Studies course work is incorporated below under Professional Education Program Requirements.

Modern Language Option Within the Liberal Studies Program

Students who wish to study a modern language, either for their own interest or for the requirements of their major field, may be able to substitute a three-course sequence in a modern language for two courses in two different domains except Scientific Inquiry. Interested students should contact an advisor for information concerning the regulations and procedures governing the exercise of the option. Courses will be applied in consultation with a School of Education advisor.

COMPETENCE IN MODERN LANGUAGE REQUIREMENT

Students who intend to graduate with the Bachelor of Arts degree will be required to demonstrate competence in a modern language. Such competence may be demonstrated in one of several ways: by successful completion of two years of high school course work in a modern language, by achieving a score of 3 or higher on the Advanced Placement test, by a satisfactory score as determined by the Modern Language Department on the CLEP examination, or by taking appropriate course work. Note that CLEP scores may be used only to meet the language requirement. Credit is not awarded in modern languages on the basis of CLEP scores. Students who are required to do course work must demonstrate modern language competence equivalent to a complete introductory sequence (101-102-103). Students with some modern language training should consult with the Modern Language Department about the course with which they should begin. Students with little or no previous work in the language will be required to complete the entire three-course introductory sequence. B.A. students who meet this requirement and wish to pursue further work in the language may elect the Modern Language

Option of the Liberal Studies Program. While B.S. students are not required to demonstrate competency in a modern language, the Modern Language Option is available to them for language study at any level.

School of Education - Undergraduate Studies ▶ Program Requirements ▶ Programs in Physical Education (PE) ▶ Sport & Fitness Management Concentration ▶ Minor Sequences in Physical Education, Coaching and Health Endorsement

Minor Sequences in Physical Education, Coaching and Health Endorsement

In addition to these major concentrations of study, there are sequences of courses, which could lead to minors and/or endorsements in Physical Education, Training, Coaching, and Health. The programs outlined below are intended for the student who desires to develop a second teaching area in physical education.

Physical Education minor sequence

Theory: PE 302, 317, 341, 345.

Activity: PE 111, 121, 151; and *two* courses from 181, 182, 183, 185, 186 or 187.

Coaching minor sequence

Theory: PE 302, 303, 345, 351, 352, 390, 391, BIO 202.

Health minor (leading to a middle school teaching endorsement for teacher candidates)

Theory: PE 206, 273, 302, 304, plus five additional courses to meet state requirements (see advisor).

2009-2010 FULL-TIME UNDERGRADUATE CATALOG

School of Education - Undergraduate Studies ▶ Program Requirements ▶ Programs in Secondary Education (SEC)

About Secondary Education

Programs in Secondary Education leading to the **Bachelor of Arts** degree and certification in grades 9-12 include English, History, Mathematics, Social Science and Visual Arts. Programs in Secondary Education leading to a **Bachelor of Science** degree and certification in grades 9-12 include Biology, Chemistry, Environmental Science, Mathematics, and Physics. Programs require 192-208 quarter hours for BA or BS degree depending on content area. A grade of C- or better is required in all Education and content-area courses.

Note: Certification can be extended to Middle School grade levels (5-8) by taking SCU 339 and passing appropriate tests as guided by Illinois State Board of Education guidelines.

Teaching Certification for College Graduates

2009-2010 FULL-TIME UNDERGRADUATE CATALOG

School of Education - Undergraduate Studies ▶ Program Requirements ▶ Other Program Requirements ▶ Field and Clinical Experience Requirements

Field and Clinical Experience Requirements

Each teacher preparation program requires field experiences and student teaching.

Field Experiences

Each student seeking certification from the School of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences comprise a minimum of 100 clock hours, and must include a variety of grade levels, multicultural experiences, and a minimum of 10 hours in special education settings. All field experiences *must* be completed prior to final approval for student teaching or internship. Students register for the appropriate field experience course(s) (EDU 095, or ECE 091, 092, 093, 094) only once.

Student Teaching

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Liberal Studies, Allied Field, and ECE and EE concentration course requirements
- Completion of all education and content area courses with a G.P.A. of 2.75 or better
- Cumulative G.P.A. of 2.50 or better
- Meet all other program requirements (e.g., modern language and residency requirements)
- Meet designated program standards
- Pass the relevant Illinois content area (subject matter) test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching (check deadlines)
- Review and approval by Student Teaching Committee of the School of Education.

2009-2010 FULL-TIME UNDERGRADUATE CATALOG

School of Education - Undergraduate Studies ▶ Program Requirements ▶ Other Program Requirements ▶ Certification Requirements

Certification Requirements

In addition to the requirements described above, the state of Illinois places additional requirements on students seeking certification. All certification and endorsement requirements are subject to change based on Illinois State Board of Education modifications in requirements.

State Tests

The Illinois State Board of Education requires that a candidate for certification pass three tests:

- Test of Basic Skills
- Test of Content Area Knowledge
- Assessment of Professional Teaching

Passing the Basic Skills Test is also a requirement for admission into the School of Education.

Passing the Content Area Knowledge Test is also a requirement for admission into student teaching.

Passing the Assessment of Professional Teaching is required for state certification.

Application for Certification

School of Education programs lead to state teacher certification. However, certification is not automatic upon completion of a program. In addition to meeting all program requirements and passing all required state tests, the student must apply for certification. Forms and procedural information are available in the School of Education Office.

Application for Degree Conferral

SOE programs lead to degree conferral. However, degree conferral is not automatic upon completion of a program. Students must apply for degree conferral. Deadlines and applications are available in the School of Education Student Affairs Office.

Middle School Endorsement Requirements

According to State of Illinois certification guidelines, both Elementary and Secondary education students who wish to teach in a departmentalized middle school setting (grades 5-8) must meet three criteria:

- Complete at least 18 semester hours in a content area that is taught in middle grades. All secondary education majors have at least one content area based on their secondary education requirements. Most elementary education majors will have at least one content area based on their concentration requirements. We strongly recommend that you speak with your advisor about possible endorsement areas at your initial advising appointment.
- Complete at least 3 semester hours in middle school methodology. All

students have met this requirement through the DePaul education courses. No additional course work is needed to meet this requirement.

- Complete a course in middle school philosophy and/or psychology. This course, SCG 339, Philosophy & Psychology of Middle Level Education, is an option in the curriculum. If SCG 339 is selected, it should be completed prior to student teaching.

Middle school endorsements are only applicable to Elementary and Secondary Education students. Early Childhood majors are not eligible to teach in the middle grades. Students who do not choose to earn a middle school endorsement will generally be restricted in the grade levels they can teach. Elementary education majors will normally be eligible to teach in K to 4 only; Secondary education majors will be eligible to teach in grades 9 to 12 only. After completion of the program and after applying for the Type 10 certificate, PE students may wish to request an endorsement evaluation directly from ISBE.

2009-2010 FULL-TIME UNDERGRADUATE CATALOG

[School of Education - Undergraduate Studies](#) ▶ [Program Requirements](#) ▶ [Other Program Requirements](#) ▶ [Special Courses and Course Sequences](#)

Special Courses and Course Sequences

The School of Education offers the following planned sequences of courses for undergraduates: Coaching, Physical Education, and Health Education. For students interested in pursuing general studies in education, courses are offered in Liberal Studies in Education exploring such relationships as social justice and education, education in literature, and the politics of education. All students are invited to enroll in these Liberal Studies in Education courses.

Undergraduate students who have completed all the necessary course requirements for the bachelor's degree may enroll for courses at the graduate level. To enroll in graduate courses, undergraduate students must have the written permission of the Department Chair.

2009-2010 FULL-TIME UNDERGRADUATE CATALOG

[School of Education - Undergraduate Studies](#) ▶ [Program Requirements](#) ▶ [Other Program Requirements](#) ▶ [Teaching Certification for College Graduates](#)

Teaching Certification for College Graduates

The School of Education offers an opportunity for graduates of accredited colleges and universities to prepare for a career in teaching in early childhood, elementary, and secondary education. Students may pursue certification through the graduate program which combines certification with a Master's degree in Education. Successful completion leads to a teaching certificate for the State of Illinois in the area of the student's specialization.

All candidates in these graduate level programs must have completed an academic program that parallels the liberal studies program at DePaul University. Candidates for the secondary education program must also have completed an academic program that parallels the DePaul teacher education program requirements in their selected area of content for teaching (English, History, Mathematics, etc.). No student will be permitted to student teach until all general education, content area, and professional education courses are completed. In addition, the Illinois State Board of Education requires certification candidates pass a test of basic skills, a test of content area knowledge, and an assessment of professional teaching.

2009-2010 FULL-TIME UNDERGRADUATE CATALOG

School of Education - Undergraduate Studies ▸ Advanced Graduate Programs

Advanced Graduate Programs

The School of Education offers the following advanced programs for professional educators who wish to earn a master's degree. For further detail, please consult the DePaul University Graduate Catalog.

Department of Leadership in Education, Language, and Human Services

- Bilingual/Bicultural Education
- Educational Leadership
- Curriculum Studies
- Human Services and Counseling
- Language, Literacy and Specialized Instruction

Department of Policy Studies and Research

- Social and Cultural Foundations in Education

**2009-2010 FULL-TIME UNDERGRADUATE CATALOG**School of Education - Undergraduate Studies ▶ [Index Of Undergraduate Course Offerings](#)**Index Of Undergraduate Course Offerings**

In addition to courses offered for degree programs, the School of Education offers courses that are not required for a degree in Education or for certification but which may fulfill Liberal Studies requirements or may be useful as electives. All courses carry 4 quarter hours credit except where noted.

Bilingual Bicultural Education (BBE)

- 305 Theoretical Foundations in Bilingual Early Childhood Development
- 306 Foundations of English as Second Language Instruction in ECE

Education - General (EDU)

- 025 Basic Computer Literacy (0 qh)

School of Education - Undergraduate Studies ▶ SOE Academic Policies

About SOE Academic Policies

Adding a Closed Course and the Waitlist Policy

Students seeking to enroll in a course that is closed should contact the administrative assistant for the department in which the course is housed. The administrative assistant will place students on closed class waitlists. Students seeking to enroll in a closed non-SOE course should consult the department or college in which that course is housed.

Auditing Courses

Students cannot audit courses that are part of their degree or certification requirement. However, students may choose to audit other courses. Audited courses are not graded and students receive no credit for the course.

Certification Requirements

To receive Illinois State Board of Education certification, a student must complete all certification coursework and requirements, including having all field experience hours completed and approved, have a 2.75 GPA, and have successfully passed the Basic Skills, Content Area, and APT tests.

Content Area Coursework

All content area coursework requirements, including graduate-level content area coursework, must be completed prior to student teaching. A grade of C- or better is required for all content area coursework requirements. Remedial coursework and CLEP tests cannot substitute for content area coursework.

Course Availability

All courses are not offered in all quarters. In general, T&L courses are not typically offered during the summer quarters, but may be offered on occasion.

DEFER Student Teaching

If extenuating circumstances exist, you may request a deferral of your student teaching placement. Valid reasons would only include health-related issues, change in employment status or employment opportunity, personal hardship, or course related issues. **DEADLINE: First day of student teaching.**

Degree Conferral Requirement

In order for a student's degree to be conferred, the student must complete all degree coursework and requirements, have a minimum 2.75 GPA, and meet the degree conferral application deadline for the quarter in which he or she wants the degree to be conferred.

Fall quarter deadline is October 1; Winter quarter deadline is January 15; Spring quarter deadline is February 1; Summer I quarter deadline is June 1; and Summer II deadline is July 15.

Discontinuation and Re-admission

Students who have stopped their program of study for 3 consecutive quarters will be dropped from that program and must re-apply for re-admission through the admission office

Doctorate Requirements to Participate in Graduation Ceremony

To participate in the graduation ceremony in the spring, a doctoral student must complete all required degree coursework, including the successful defense of his or her thesis, by the end of the Spring quarter preceding the ceremony and have applied for graduation before the designated deadline.

Double Counting Courses

Under no circumstances can a course taken at DePaul University or at any other college or university fulfill degree requirements in more than one degree program. A course can only be counted as fulfilling the degree requirements of one degree program.

Double Majors

Undergraduates cannot double major within the SOE or between the SOE and other DPU programs.

Eight-Year Limit on Courses

Courses taken at DePaul University or any other college or university that were completed more than 8 years ago can only be counted toward certification, degree, and/or content area requirements after a review of the student's transcripts. Transcripts will be evaluated based on the most-up-to-date certification, degree, and content area requirements. Courses will be evaluated at the discretion of a faculty advisor.

Endorsement Evaluations

Students in Teacher Education Programs can submit an application to their academic advisor to request an endorsement evaluation. The SOE can only evaluate transcripts for those programs or content areas that are offered in the SOE. Any other programs or content areas will require an Illinois State Board of Education evaluation.

Exception to Advanced Standing Policy

Exceptions to advanced standing are only granted on a one-time only basis and must be approved by the Associate Dean or his or her designate.

Extend STUDENT TEACHING Clearance Deadline

Requests to extend the academic clearance deadline for student teaching may be submitted under extenuating circumstances. A valid request, for example, might occur when you have applied to student teach on time but failed a content area test prior to final clearance. If another testing opportunity exists prior to the start of student teaching, you may apply for an exception to complete the requirement and have your clearance

re-evaluated. **DEADLINE: The prior quarter's last day to add classes deadline (e.g., for Fall Quarter, the deadline is the prior Spring Quarter's last day to add classes deadline; Winter is Fall's deadline; Spring is Winter's deadline).**

General Education Coursework (Content Area Prerequisites)

All general education requirements must be completed prior to student teaching. A grade of C- or better is required for all general education requirements. DePaul-approved CLEP tests may substitute for appropriate general education coursework. Remedial coursework cannot substitute for general education coursework.

Grade Challenges

See University Undergraduate and Graduate Handbooks.

Graduate Credit

Graduate students enrolled in 300 and 400 level courses will receive graduate credit for these classes and grades earned in these classes will contribute to the graduate GPA.

Graduate Reclassification

Graduate students who wish to transfer to a different program within the SOE should submit a request for reclassification.

Graduate Requirements to Participate in Graduation Ceremony

To participate in the graduation ceremony in the spring, a graduate student must complete all required degree coursework by the end of the spring quarter preceding the ceremony or have only one course outstanding, which must be completed prior to the end of the Fall quarter following the ceremony. The student must have also applied for graduation before the designated deadline.

Graduating with Distinction

Each SOE program establishes its own criteria for graduating with distinction. Students should refer to their program of study's handbook or contact the program coordinator or department administrative assistant for which the program is housed.

Honors at Commencement Ceremony

Students must complete their degree program and all graduation requirements by the end of the Winter quarter subsequent to the Spring Commencement ceremony in order to be listed as graduating with honors and having his or her name announced as an honor student during the ceremony. However, the honors designation will be noted on student's transcripts and diploma regardless of degree completion date.

Incompletes

See University Undergraduate and Graduate Handbooks.

Independent Studies

See University Undergraduate and Graduate Handbooks.

Late ADD Request (for SOE courses only)

Requests to add a course after the deadline can only be considered under extenuating or extra-ordinary circumstances that will be evaluated on a case-by-case basis. In order to have your case evaluated you must submit supporting documentation, including evidence of having attended the course you are asking to add. Requests to add closed courses will be denied. For closed courses, students must follow the waitlist procedure posted online. **Deadline: Requests must be submitted within seven days after the last day to add classes deadline for that academic quarter. No requests will be considered beyond this date.**

Late WITHDRAWAL Request

Requests to withdraw from a single course after the late withdrawal deadline can only be considered under extenuating or extra-ordinary circumstances that will be evaluated on a case-by-case basis. In order to have your case evaluated you must submit supporting documentation, including evidence of having not attended the course from which you are requesting to withdraw. A withdrawal will result in a grade of "W" being posted to your academic record, and does not eliminate or minimize your obligation to pay tuition. Also, you are responsible for notifying the Financial Aid office of changes in course schedules. You are permitted ONE LATE COURSE WITHDRAWAL during your academic career.

Deadline: Requests must be submitted within seven days after the last day to withdraw from classes deadline for that academic quarter. No requests will be considered beyond this date.

Limit on Transfer Credit for Graduate Students

Teaching & Learning (T&L) graduate students can transfer up to 9-quarter hours (approximately 2 courses) from another college or university as credit toward their T&L program degree. All other courses must be DePaul coursework.

OUT-OF-STATE Student Teaching Placement Request

Requests for out-of-state student teaching placements are granted only on rare occasions and require a statement of hardship for consideration. Valid reasons for the request include health-related issues, change in employment status or employment opportunity, personal hardship, or course-related issues. Please note that to ensure proper supervision additional costs may be associated with out-of-state-student teaching. **DEADLINE: Same as student teaching application deadline.**

Pass/Fail Option

Students can take elective courses or courses not required for certification or degree fulfillment as pass/fail. Courses taken pass/fail are not factored into students' GPA.

Probation & Dismissal

A student whose GPA falls below a program's minimum GPA requirement will receive a registration hold and be unable to register for classes. The student must meet with his or her academic adviser and make an appointment with the AcademicSuccessCenter to develop a plan for returning to good academic standing. Students who remain on academic probation for 3 consecutive quarters will be dismissed from the SOE. Undergraduate students may apply to transfer to other programs at DePaul. Graduate students may appeal to the Chair of the Department in which their program is housed for re-admittance or may apply to another graduate program.

Request to Register for More than 20 CREDIT HOURS (Undergraduates only).

For consideration of this request, you must have a 3.0 cumulative GPA, have successfully completed at least 44 credit hours, and have successfully completed 4 courses the previous quarter. **DEADLINE: Last day to add classes deadline.**

Request for Transfer Credit as Part of FINAL 60 Credit Hours at DePaul (Undergraduate Residency Requirement)

A request to take and transfer in credit from another institution as part of your final 60 hours of credit at DPU is granted only under extenuating or extra-ordinary circumstances. Any request must be accompanied by documentation demonstrating your need for this exception. All requests are evaluated on a case-by-case basis. **DEADLINE: Last day to add classes for that term.**

Seven-Year Limit on Studies

Graduate students have seven years from the date of matriculation to complete program degree requirements. Graduate students may apply for a one-year extension. If a graduate student does not complete his or her degree program requirements within eight years after matriculation, he or she will need to re-apply to the degree program, upon which he or she will have his or her coursework re-evaluated and be subject to any degree program changes or new program requirements.

SOE Academic Integrity Policy

See University Undergraduate and Graduate Handbooks

Student Teaching in an Elementary, Middle School, or High School You Attended as a Student

Students cannot student teach in any school in which they were enrolled as a student within the last 10 years.

Student Teaching in YOUR OWN Classroom Request

In order to apply for this request, you must have at least two years of supervised classroom teaching experience. Attach a completed Application to Student Teach in Your Own Classroom form to the request for exception form. **DEADLINE: Same as student teaching application deadline.**

Student Teaching Requirements

All program coursework must be completed prior to student teaching. A grade of B- or better is required in student teaching to complete successfully student teaching.

Teaching & Learning Induction Coursework

All graduate students are required to complete their Teaching & Learning (T&L) induction coursework through the DePaul University School of Education. The only exception to this policy is demonstration of out-of-state residency.

Undergraduate Academic Standing

In order to receive advanced standing, undergraduate students must have a 2.5 or better GPA. Students who do not have a 2.5 GPA will be placed on probation. Students who do not have a 2.75 GPA will receive an academic alert.

In order to student teach and graduate, undergraduate students must have a 2.75 GPA.

Undergraduate Inter-College Transfer (ICT)

Undergraduate students who wish to transfer to another program within DePaul should submit an ICT request through Campus Connect. In order to transfer, students must meet the admission criteria of the program to which they are transferring.

Undergraduate Requirements to Participate in Graduation Ceremony

To participate in the graduation ceremony in the spring, an undergraduate student must complete all required degree coursework by the end of the Spring quarter preceding the ceremony and have applied for graduation before the designated deadline. The only exception is that student teaching can be scheduled for completion in the Fall quarter after the ceremony.

Waiving Student Teaching Requirements

Requests to waive student teaching must follow the Illinois State Board of Education student teaching waiver policy.

Withdraw from Classes Due to Hardship

Students may request to withdraw from classes due to personal and/or medical hardships. Students should contact the University Dean of Students to a hardship withdrawal.

Withdrawal from the SOE

To officially withdraw from any SOE program, a student should contact his or her academic advisor and request in writing his or her intent to withdraw.
